PROFESSIONAL PROFILE

Project Manager with a strong technical background as a former Frontend Developer, providing a working understanding of system architecture and infrastructure decisions as well as the Software Development Life Cycle (SDLC), and facilitating seamless communication between business stakeholders and engineering teams. Proven track record leading cross-functional teams in the development and delivery of digital products (Mobile, Web, BackOffice) across demanding sectors such as HealthTech, EdTech, and social impact organizations. Experienced in optimizing processes through agile methodologies and integrating efficient, AI-assisted project workflows.

CORE COMPETENCIES

- **Product Strategy & Analysis** : Product Discovery | Requirements Gathering | Functional Analysis | Backlog Management & Prioritization.
- **Agile Delivery & Execution**: Agile Project Management | Scrum Framework | Sprint Planning & Execution | Software Development Life Cycle (SDLC).
- **Leadership & Stakeholder Management** : Cross-functional Team Leadership | Stakeholder Management.
- **Quality Assurance, Risk & Innovation** : Risk Management & Mitigation | User Acceptance Testing (UAT) & Functional QA | AI-assisted Project Workflows.

PROFESSIONAL EXPERIENCE

Scrum Master / Project Manager | Odaclick Game Studio

2024 – 2026

- **Agile Leadership:** Coordinated cross-functional teams of up to 5 members, facilitating Scrum ceremonies and managing the backlog to ensure timely and high-quality deliveries.
- **Analysis & Strategy:** Led Discovery processes, functional requirements gathering, and user story refinement in direct collaboration with stakeholders, ensuring clear requirements before development.
- **Process Optimization:** Designed and implemented functional workflows in Jira and Confluence, including the exploration of AI tools to enhance documentation and functional analysis.

- **Quality Assurance:** Provided comprehensive oversight of functional QA and User Acceptance Testing (UAT) for multiple concurrent applications, guaranteeing stability prior to each release.

Key Projects:

- **UNICEF (Social Impact):** Managed a complex ecosystem including 2 mobile apps, a web platform, BackOffice, and an NFC-enabled dashboard.
- **Medical appointments platform (HealthTech):** Led the development of a medical appointment management solution with social security system integrations — mobile app plus an internal backoffice.
- **Higher education platforms (EdTech):** Coordinated multi-platform educational solutions: a university MBA platform and an online course virtual campus.
- **School management platform (EdTech US):** Served as Scrum Master focused on the development of the administrative platform and dashboards for teaching staff.

Frontend Developer

2022 – 2024

- **Odaclick Game Studio:** Developed interfaces using React, integrated APIs, and collaborated closely with design and backend teams.

2021 – 2022

- **Darwoft:** Developed frontend solutions under Agile methodologies for corporate projects.

EDUCATION & CERTIFICATIONS

- Google Project Management Professional Certificate Coursera (In progress).
- Bachelor's Degree in Painting / Professor of Plastic Arts | Universidad Nacional de Córdoba.

SKILLS & TOOLS

- **Management & Collaboration:** Jira, Confluence, Trello, Figma, Slack.
- **AI Tools:** Claude, Claude Code, ChatGPT, NotebookLM, Gemini, OpenCode.
- **Development & Version Control:** Git, GitHub, React, JavaScript, HTML, CSS.

LANGUAGES

- Spanish (Native) | English (Upper Intermediate)
